## Road Crew Report

- ❖ The Road Crew is working on getting estimates for repairs.
- ❖ Mailboxes have been temporarily moved.

## Note from the Ski Haven President

Just wanted to let you know the board has been very busy working on many of the issues. We have met several times and committees to address particular issues have been formed. Thanks to Travis and Joe the mailboxes have been pressure washed and mail service has been restored. We are hoping to send out a newsletter on a quarterly basis, so if there is something you would like announced or posted in the newsletter please contact the board using the contact information to the left.
